PROFILE

Data Analysis undergraduate at the University of Messina with hands-on experience turning raw business data into dashboards and customer insights using Python, SQL and Power BI. Background in software development (Java, JavaScript, React) adds the ability to build data tools end to end. Available for a curricular internship, on-site in Sicily or remote anywhere in Italy/EU.

EDUCATION

University of Messina — B.Sc. Data Analysis *2023 – Present*

Messina, Italy · Expected graduation: 2027

- **Relevant coursework:** Statistical Methods & Models, Machine Learning, Data Structures & Algorithms, Databases, Operating Systems, Programming Languages, Devices & Circuits for AI

American College of Technology — Computer Science *2022 – 2023*

Addis Ababa, Ethiopia · 1 year completed before transferring to the University of Messina

- **Coursework:** Web Programming, Databases, Computer Networks, Programming Languages

PROJECTS

E-commerce Sales Analytics & Customer Segmentation *2026*

Python · Pandas · Excel · Power BI

- Cleaned and analysed two years of transactional retail data in Python (Pandas), handling missing values, returns and duplicate records.
- Built an RFM (Recency, Frequency, Monetary) model to segment customers into actionable groups such as loyal, at-risk and high-value buyers.
- Designed an interactive Power BI dashboard tracking revenue, orders, top products, country performance and customer segments.

Payment App *2023*

React · PayPal API · Authentication

- Built a web payment flow with secure user authentication and PayPal checkout integration via REST APIs.

Movie Finder *2022*

React · Tailwind CSS · Firebase

- Developed a search-and-browse web app with Firebase authentication and per-user saved favourites.

TECHNICAL SKILLS

- **Data & Analytics:** Python (Pandas, NumPy, Jupyter), SQL, Power BI, Excel, RFM segmentation, statistical modelling
- **Databases:** MySQL, Microsoft SQL Server, MongoDB, Neo4j
- **Programming:** Python, Java (OOP, JavaFX), JavaScript, C, PHP, MATLAB (neural networks)
- **Web & Backend:** React, Next.js, Node.js, Express.js, REST APIs, Firebase, HTML5/CSS3, Tailwind CSS
- **Tools:** Git & GitHub, Docker, VS Code, Linux / shell

LANGUAGES

Amharic: Native | **English:** C1 | **Italian:** B1
